WIDE - Bug #603
High CPU charge when applying rights.

05/28/2013 04:43 PM - Olivier Miquel

Status:	New		**Start date:**	05/28/2013
Priority:	Normal		**Due date:**	
Assignee:	Granier Alexandre		**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:				

Description

1) Select a folder in the Folder tree

2) Left click , choose "share"

3) choose a group then click "Apply to sub directories"

The Software don't seems to do anything, but if we insist we had a very high CPU charge in the server side that may leads to a denial of service.
